

Averill Park High School

Welcome to Averill Park High School; there is something here for everyone! Our goal is to help each and every student find their passion and get them on the pathway to success for whatever path they choose after high school.

To help students become college, career and life ready, APHS is proud to say that we offer across the curriculum areas over 30 college in the high school articulation agreements with a variety of local institutions. For more information on these, refer to the APHS Course Catalog which can be found on the district website.
