How to connect an iPhone to B.Y.O.D

Go to Settings and Select Wi-Fi and Select BYOD

Enter your APCURR Network Username and Password and select join in the top right corner

(Only the username, do not need @apcsd.org)

7:55		📲 4G 🦲
	Enter the password for "BYOD"	
Cancel	Enter Password	Join
Username	kershaws	
Password		

Now you will need to accept the certificate by selectin Trust in the top

Right corner

Now you should see a checkmark next to BYOD to show that you are connected.
