Driver Expenses: (Please call Transportation if there is a question on the number of buses needed)	
Recorded by Business Office: _____	Date: _____

TRANSPORATION OF ACTIVITIES AND FIELD TRIPS

Rules and Regulations

1. Teachers may request approval for field trips if such trips are of an educational nature, pertain to a specific element of the curriculum, and have a minimum participation of 85% of the specific group involved.
2. All must be approved by the building principal.
3. Prior to making arrangements for the trip, final approval shall be given by the Superintendent or his designee at least seven days prior to the scheduled trip.
4. A permission slip, signed by the parent or guardian, shall be completed for each student going on the trip and retained by the teacher until all have returned from the trip. Permission slips are not required for transportation of students to events taking place in the Averill Park Schools.
5. Students going on field trips are permitted to make up any regular school work that has been missed.
6. Children of pre-school age may not accompany parents when the parents serve as chaperones on a field trip.
7. Because field trips are an extension of regular classroom activities, proper behavior is expected at all times and no tobacco, alcohol or illegal drugs may be used by those participating in such trips.
8. The teacher in charge is responsible for the accounting for and conduct of all pupils on and off the bus.
9. Trips scheduled during regular classroom hours shall not exclude students from participation because of individual student expense.
10. Substitute teachers, as approved by the Superintendent, shall be hired for students not scheduled for the trip.
11. Overnight trips must have the prior approval of the Board of Education and, whenever possible, should be scheduled during vacation periods.
12. Field trip participants found in violation of these rules and regulations are subject to appropriate disciplinary action.
