- (1) Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.
- (2) If you are enrolled in a "Family" plan, with your embedded deductible, only one eligible family member must satisfy his/her individual deductible before claims reimbursement begins. With your embedded out-of-pocket maximum, once any eligible family member satisfies his/her individual out-of-pocket maximum, claims will pay at 100% of the plan allowance for covered expenses, for the rest of the plan year. Claims for the remaining family members will pay at 100% once the family out-of-pocket maximum amount is met.
- (3) Services are provided for acute care for minor illnesses. Services must be performed by a Highmark approved telemedicine provider.
- (4) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
- (5) Benefits for Emergency Care Services rendered by an Out-of-Network Provider will be paid at the Network services level. Benefits for Hospital Services or Medical Care Services rendered by an Out-of-Network Provider to a member requiring an inpatient admission or observation immediately following receipt of Emergency Care Services will be paid at the Network services level. The member will not be responsible for any amounts billed by the Out-of-Network Provider that are in excess of the plan allowance for such services.
- (6) The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the costsharing requirements. This formulary covers all FDA-approved generic and brand-name drugs.
